1. Consultancy & Training-with advanced facilities.
  2. **Eggs:** At present - We have 2,547 active laying hens, with a full production capacity of 80 plus crates of eggs per day. We are also brooding 8,160 pullets (Chicks), so by April 2018, by His Grace, produce 300plus crates of eggs every day.
  3. **Broilers:** At present- We raise and supply 200 to 250 mature broilers every other week, at full utility, our facilities for broiler production can supply 500 mature broilers every week. It all depends on your order.
  4. Major distributors of OLAM<sup>(R)</sup> poultry products, such as the Chikun Feeds (a novel poultry ration whose popularity is soaring exponentially among poultry farmers as "the yellow wonder". The Chikun broiler rations has surprised farmers with up to 1.4kg to 1.5kg of average live weight in just 21 days of feeding ad libitum).
- OLAM<sup>(R)</sup> is a multinational agro corporation spanning more than 70 countries. In Nigeria, they have the largest feed mill in sub-saharan Africa, with advanced animal nutrition technology
5. **Organic Manure:** Our poultry farm dropping (guano) has proven itself as a more economic alternative to the performance of chemical fertilizers in enhancing arable farm output.

**To God be the Glory. we are, ExcelGrace.**
